OFFICE OF THE
SECRETARY TO THE
COUNCIL

The purpose of this memorandum is to request that the Chairman place the following items on the agenda of the January 4, 2012 Legislative Meeting of the Council:

- Bill 19-624, the "Streetscape Reconstruction Emergency Act of 2011"
- Bill 19-625, the "Streetscape Reconstruction Temporary Act of 2011"
- PR 19-489, the "Streetscape Reconstruction Emergency Declaration Resolution of 2011"

These measures would establish, on an emergency and a temporary basis, the right of businesses to reconstruct building projections, sidewalk cafes and other fixtures in the public space after the completion of streetscape construction projects provided that the projection, sidewalk café or other fixture is identical to the same as it existed at the commencement of the streetscape project.

I thank you for your attention to this matter.
